

Cool Collection

GLASS CREAM

A rejuvenating cream that forms a moisturizing and nourishing film on the skin to make it moist and shiny and healthy.

Contains 5% mink oil

Mink oil, similar to human sebum, helps strengthen the skin barrier, improves the skin environment, and makes the skin healthier and more energetic.

Complex elasticity management of collagen and adenosine

It contains adenosine, a wrinkle improvement notice from the Ministry of Food and Drug Safety, to manage overall wrinkles and to maintain a firmer skin condition through a combination of collagen.

Sodium High Aluronate, a natural moisturizing factor

Contains Sodium High Aluronate to form a firm moisturizing film on the skin to keep the skin moist for a long time.

Ceramide NP

Contains ceramide, which accounts for 50% of the skin's lipids, helps improve damaged skin and removes rough skin texture. It cares smoothly and gives a firm skin texture.

Transparent gel cream that melts into the skin

The firm and transparent gel cream melts at the skin temperature and is absorbed into the skin, making the skin more elastic with a moisturizing feeling.

How to use

Take an appropriate amount and apply evenly over the troubled area.

PEPTIBLE SOLUTOX

Essence that effectively absorbs active ingredients with fine bubbles for smooth and firm skin.

Contains VOLUFILINE ingredients from SEDERMA, France

France's SEDERMA's VOLUFILINE ingredient fills tightly between the skin textures to provide firm skin.

Complex elasticity management of collagen and adenosine

It contains adenosine, a wrinkle improvement notice from the Ministry of Food and Drug Safety, to manage overall wrinkles and to maintain a firmer skin condition through a combination of collagen.

Acetylhexapeptide-8 with high skin affinity

As a low-molecular peptide, it has excellent skin absorption and helps to improve wrinkles and skin elasticity

Glutathione protects the skin

By protecting the skin from harmful substances, it helps strengthen the skin surface and makes the skin clear and transparent.

Fine bubbles absorb effectively

When it comes into contact with the skin, the active ingredients are effectively absorbed along with the fine bubbles that rise up, making the skin smoother and firmer.

How to use

Take an appropriate amount and apply evenly over the troubled area.
